

Report of Moston Neighbourhood Plan Drop-in-Meeting held on Saturday 11th November, 1.0 pm to 4.0 pm at St. Peter's Church Hall, Elworth.

Prior to the meeting 205 leaflets informing of the event were hand delivered to all Moston residents.

On the day of the meeting a PowerPoint presentation was on display showing results of initial questionnaire, maps of designated area of Moston neighbourhood plan, Local Wildlife Sites including SSSI's and Habitat Distinctiveness areas, suggested policies and requests for comments and inputs from residents

Hard copies of the PowerPoint presentation were on display along with maps and details of footpaths and public rights of way, suggested vision and policy headings which had been received from Cheshire Community Action along with Draft Policy suggestions and a draft housing policy.

During the session over 30 Moston residents called in. They were offered light refreshments whilst looking at the on screen and printed presentations, they asked questions and were encouraged to leave comments and produce photos of the parish. The general consensus was support for the plan and policies and appreciation of the work being done.

Six written comments were left, five giving full support with one of those also expressing concerns about lack of lighting and poor footpaths along Booth Lane from Albion Lock and the sixth reinforcing the lighting and footpath complaints.

Two residents were assured the whole of Moston would not become a SSSI.

Throughout the following week apologies were received from those residents who had been unable to attend, including comments supporting the Neighbourhood Plan and the proposals being put forward.
